Mrs. A. D.
Wallinson.Saying of
Pipes - Midway
Ave.

Referred back communication from
Mrs. A. D. Wallinson dated July 28, 1914,
presented at the August meeting of the
Common Council and referred to the
Finance Committee, relating to the saying

DEC 7 1914

of pipes through a narrow strip of land fronting on Midway Avenue. The committee reports that the matter has been investigated at its request by Street Commissioner Havens, who reports that the property in question is not owned by Mrs. Mallinson and that no pipes were run through it at any time during ownership by her or by the Mallinson estate.

The Committee further reports in reply to further inquiries in Mrs. Mallinson's letter that the Tax Collector states that the narrow strip of land in question, approximately 300 feet long, is not assessed in her name, and suggests that possibly the lot which she states she has recently sold may be a lot of land abutting on the narrow strip in question, but not a part of it.

It is recommended that the City Clerk be requested to send a copy of the foregoing report to Mrs. Mallinson, suggesting that if the matter is not thus cleared up to her satisfaction, she can undoubtedly obtain

Adopted the following resolution which was adopted upon a roll of the roll all present voting age except Councilmen Belcher, Cox, Gaves and Hamilton who voted nay:

Resolution
Requesting
Mr. MacMunn
to withdraw
Resignation.

Whereas the members of the Common Council appreciate the very able manner in which James T. MacMunn has conducted the office of City Clerk during a long period of faithful service, and regret that what seems to have been a misunderstanding on his part as to their reasons for not officially giving him salary on January 1st, should have led him to think that his services and ability are not held in the highest esteem; and

Whereas, it was fully aware of certain recommendations in the message of his Honor the Mayor relating to the fee system, City headquarters, and centralizing the office for the Council seemed it inadvisable on such short notice (and pending a consideration of said recommendations) to determine what would be a just and fair compensation for the City Clerk; or whether certain employees now paid by him would not better be paid out of the City; and

Whereas the Council intended no slight to a faithful official but rather wanted time to consider what would be fair and just to him and others in his office, and would gently regret any severance of relations on account of a misunderstanding on his part;

Now Therefore Resolved, That the City Clerk be and he hereby is requested to withdraw said resignation.

JAN 25 1915

Common Council of the City of Plainfield:

The Joint Finance Committee, to which was referred the message of his Honor the Mayor of January 12th (for the purpose of facilitating action by the Council with respect to the various recommendations therein contained) submits herewith the following report:-

First: we approve the principle of an administrative survey; and we suggest that his Honor the Mayor be invited to submit such plan or plans as he may have in mind for that purpose.

Second: we approve the recommendation that the Board of Education be requested to give opportunity to the Mayor and Council members of the Board of School Estimates to attend preliminary meetings held to consider school estimates; and also the recommendation that the members of the Board of Education be invited by the Finance Committee of the Common Council to attend its meetings held for the purpose of considering the city budget.

Third: we approve the recommendations that records be kept of Committee meetings; that the Finance Committee be composed of the chairmen of the important Council committees; and that the responsibility with respect to pending legislation at Trenton be entrusted to the Joint Finance Committee.

Fourth: we approve the suggestions that there be public hearings on the city and school budgets; but suggest that these suggestions be referred to the Finance Committee for its recommendations.

Fifth: we approve the principles involved in the recommendations relating to city headquarters and city planning; and suggest that these be referred to the Public Affairs Committee for detailed consideration.

JAN 25 1915

In our opinion prompt action by the Council should be taken with respect to the recommendations referred to in paragraphs First, Second and Third above; and to that end we have prepared and propose to introduce at this meeting of the Council appropriate resolutions thereon.

The recommendation of his Honor the Mayor with respect to abolishing the fee system was approved by the Council at its last meeting; and we think the Council will be glad to further in any way it can the cause of genuine home rule.

I beg to advise you that, subject to the approval of yourself and the Common Council, this Association proposes to have a general survey of the various departments of the City made for the Bureau of Municipal Research of New York, at our expense if the necessary funds can be raised by us.

Will you kindly advise me whether this meets with the approval of yourself and the Council, and oblige,

Yours very truly,

R. Henry Dewey,

President,

Plainfield Taxpayers' Protective Assn.

I recommend the adoption by your honorable body of a resolution approving the plan of the Plainfield Taxpayers' Protective Association and offering, in every way consistent with the requirements of the public service, to facilitate the work of said survey by placing all city departments under your control at the disposition of the experts to be employed. As I have heretofore pointed out, we may assume that all city officials without exception will welcome an analysis of methods undertaken solely in the purpose of getting at the facts, so that

they may be studied with reference to the experience of other cities, and so that modern and accepted standards of successful municipal business may be presented to us for our consideration.

Councilman Claybrook offered the following resolution which was adopted upon a call of the roll all present voting aye:

Resolution

Issue \$96,000
of the \$100,000
School Bonds
to Bond &
Gordwin,
and selling
four of the
bonds.

Whereas The Board of School Estimate heretofore certified to the Common Council that the sum of One Hundred Thousand Dollars (\$100,000) has been fixed and determined as the amount necessary to be appropriated for the construction and equipment of the Evergreen Avenue School; and

Whereas, The Common Council heretofore appropriated said sum of \$100,000 for said purposes and authorized the issuance of bonds of the City to raise said sum and heretofore given \$100,000 School Bonds for sale; and

Whereas, At the regular meeting of the Common Council held on Monday, the first day of March, 1915, bids for the purchase of said bonds were submitted and opened and it appeared that the firm of Bond & Gordwin, of New York, who offered for said bonds the sum of \$100,000

being the par value and a premium of \$44.30 for each \$1000 of bonds, were the highest and best bidders and the said bonds were awarded to said firm of Bond & Goodwin; and

Whereas, in order to produce the sum required to be raised for the aforesaid purposes it is necessary to issue bonds only to the total par value of \$96,000, that sum together with the premium thereon amounting to \$100,252.80; and

Whereas, The said purchasers Messrs. Bond & Goodwin are willing to accept bonds to the total par value of \$96,000 at the rate fixed in their bid in full satisfaction of their said purchase and are willing that four bonds of said authorized issue may be cancelled and destroyed, as appears from the Special Message of his Honor, the Mayor, and correspondence attached, which are as follows:

Special Message No. 2.

March 10, 1915

President George S. Clay and the

Honorable the Members of the Common Council
of the City of Plainfield:

In the matter of the recent sale of school bonds to meet the requisition of the Board of School Estimate calling for a total expenditure of \$100,000 for the Evergreen Avenue school, I transmit herewith correspondence of even date with Bond & Goodwin of New York City, the purchasers of the authorized issue, from which you will note that they agree to the cancellation of \$4,000 par value of said bonds and to the delivery to them as successful bidders of a total of \$96,000 par value thereof. As the bonds brought a premium, it has been found that it will be necessary on the basis of the bid to issue only \$90,000 par value thereof to produce the total of \$100,000, the amount fixed and determined by the Board of School Estimate as required for the new school.

The correspondence and consent of Bond & Goodwin to this arrangement is submitted to you for such action as you may deem it wise to take.

Leighton Calhoun,
Mayor.

MAR 10 1915

March 10, 1915.

Messrs Bond & Gordon
111 Broadway,
New York City.

Dear Sirs:

The Board of Education of the City of Plainfield estimated the amount of money necessary for the purpose of building a school house at \$1,00,000. Thereupon the Board of School Estimate considered the matter and fixed and determined the amount necessary at \$1,00,000 and certified their decision to the Common Council. The Common Council then appropriated \$1,00,000 for the purpose and authorized an issue of bonds to raise the amount.

In view of the fact that the bonds brought a premium it has been found that it will be necessary on the basis of your bid to issue only \$90,000 of bonds instead of \$1,00,000, as the \$90,000 of bonds at the price you bid will produce slightly more than \$1,00,000. It has been found that if two bonds maturing in 1943 and two bonds maturing in 1965 are canceled this will not change the premium basis on the interest basis, but will leave the price bid by you exactly the same as if you took the entire \$1,00,000 of bonds. The cancellation of the four bonds mentioned and delivering of 90 bonds to you has the approval of our attorneys, Messrs. S. J. Perkins, Delapell & Connelley, of New York.

I shall be glad if you will write me whether or not you agree to the proposition above outlined, as I should like to submit this matter to the Common Council, at a meeting to be held this evening, for their consideration and such action as they may deem necessary to take.

Very truly yours,
Leighton Calkins.

Mayor of the City of
Plainfield, New Jersey.

Leighton Calkins, Esq.,
Mayor, City of Plainfield
Plainfield, N. J.

We are in receipt of your favor of even date regarding our recent purchase of \$50,000 City of Plainfield - 27. And as the City wishes to cancel the sale, to us of \$2,000 of the shortest term \$2,000 of the longest, we are willing to take the remainder \$48,000 at the price we bid.

Respectfully yours,
Bond & Goodwin.

Now, Therefore, Be it Resolved, That \$96,000 of bonds of the City of Plainfield, designated as "School Bonds" being part of an authorized issue of \$50,000, dated March 1, 1915, numbered from 3 to 98 both inclusive, bearing interest at the rate of four and one-half per centum per annum, maturing certain \$1,000 on March 1, 1943, \$3,000 on March 1 in each of the years 1944 to 1954, both inclusive, \$4,000 on March 1 in each of the years 1955 to 1961, both inclusive, \$9,000 on March 1 in each of the years 1962 to 1964, both inclusive, and \$8,000 on March 1, 1965, and in all other respects as provided in the resolution adopted by the Common Council on the 15th day of February, 1915, be duly executed by the proper officials and be delivered to the City Treasurer at his office in the City of Plainfield, to said Bond & Goodwin, the purchasers, on payment of the purchase price, to wit, the sum of \$100,252.80 together with accrued interest to date of delivery.

Further Resolved, That four bonds of said authorized issue of \$50,000, to wit, bonds numbered 1 and 2 maturing on March 1, 1943, and bonds numbered 99 and 100 maturing on March 1, 1965, be not executed by the officers of the City or sealed with the corporate seal and that said four bonds be cancelled and destroyed by the City Treasurer in the presence of the Mayor and City Clerk; and said officers are hereby requested to make a report of such destruction of said bonds to the Common Council at the next regular meeting thereof which report shall be spread upon the minutes of said meeting.

It will also mean that we will have to have the current off the wires on this pole to work on same, and it will be very inconvenient to our consumers at this time of the year.
